

NEEL NARWADKAR - FRONTEND DEVELOPER

+91 9769014513 | neelnarwadkar1905@gmail.com | Thane, Maharashtra, India
[LinkedIn](#) | [GitHub](#) | [Portfolio](#)

SUMMARY

Results-driven Frontend Developer with 2.5+ years of applied experience specializing in React.js, Next.js, and TypeScript across the full Software Development Life Cycle. Experienced in leveraging AI-assisted development tools to improve code quality, delivery speed, and productivity, while validating outputs through peer review and testing. Seeking a high-growth environment to build scalable, secure, and resilient applications as part of an agile engineering team.

EXPERIENCE

Spectriv
Full Stack Developer

Gurugram, India (Remote)

Apr 2025 – Mar 2026

- Developed user-centric, responsive dashboards and landing pages with Next.js and Tailwind CSS, leading to a 20% reduction in reported UI-related bugs post-launch.
- Architected a modular component library of 20+ reusable Shadcn UI components, reducing code duplication and improving long-term operational stability.
- Leveraged AI-assisted coding tools for code generation, refactoring, and documentation, strengthening output quality through collaborative reviews.

Growhut
Frontend Developer

Gurugram, India (Remote)

Aug 2024 – Dec 2024

- Participated in product development, agile sprint planning, code reviews, release cycles, consistently delivering features on schedule.
- Integrated 20+ REST APIs and implemented real-time data updates within React applications, analyzing data sets to debug and resolve issues.
- Eliminated 15+ performance bottlenecks identified during user testing, reducing application load times by an average of 2 seconds and enhancing overall user satisfaction

Furation Tech Solutions
Full Stack Developer

Mumbai, India

Feb 2023 – May 2024

- Built and maintained 5+ full-stack web applications using React.js, Next.js, Node.js, and MongoDB, delivering features across the entire software development lifecycle from development to deployment.
- Established reusable component standards and scalable, secure architecture patterns adopted across 5+ projects.
- Improved website SEO, accessibility, and performance through data-driven troubleshooting, driving organic traffic growth to 1,150+ monthly users.

TECHNICAL SKILLS

Frontend	React.js (18+), Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS
State Management	Redux Toolkit, Context API, TanStack Query
Backend	Node.js, Express.js
Database	MongoDB, Prisma
Tools	Git, Vite, Webpack, Babel, npm, JSON, Zod, AI-Assisted Development Tools

PROJECTS

Product X

- Engineered a socket-driven real-time collaboration app with room-based grouping, achieving reliable performance for 10+ concurrent users per room.
- Extended platform accessibility by building a cross-platform desktop application using Electron.js, eliminating browser dependency for end users.

GE3S SI Tool

- Integrated AI-powered file parsing APIs to automate data processing workflows and populate around 20-30 form inputs.
- Developed interactive dashboards and visualizations using Visx to improve analytics and reporting.

Ritefit Pro

- Built a job platform with ATS functionality, using Next.js and NextAuth for role-based access control.
- Optimized application performance through lazy loading, code splitting, and React Query caching strategies.

EDUCATION

V. G. Vaze College of Arts, Science and Commerce
Master of Science (Information Technology)

Mumbai, India
Jun 2023 – Apr 2025

V. G. Vaze College of Arts, Science and Commerce
Bachelor of Science (Information Technology)

Mumbai, India
Jul 2019 – Apr 2022
